

IDG-PXC-GEN2TAG

Car Plate Tag

Specifications

Physical Parameters

| | |
|----------|----------------|
| Size | : 155*30*11 mm |
| Material | : ABS |
| Colour | : Grey |
| Weight | : 50g |

Environmental Parameters

| | |
|-----------------------|------------------|
| Operating Temperature | : -20°C ~ +85°C |
| Storage Temperature | : -40°C ~ +125°C |

Performance Parameters

| | |
|---------------------------|--|
| Working Frequency | : ISM920~925 MHZ |
| Standard Complaint | : ISO18000-6C |
| Reading Distance | : 3~12m (with difference antenna matching) |
| Available Data Area | : 64~128bit (depends difference chips) |
| Operating Mode | : Read / Write |
| Data Storage Time | : >10 years |
| Anti- Collision Mechanism | : Suitable for multi-tag read |
